There is a county in Ireland called Tipperary, where the people are so ungovernable that even now real estate is not worth half the price it would be in other counties. Should the North acknowledge the independence of the South, two neighbouring

Should the North subdue the South, the latter may become a Tipperary on a grand scale, as General Scott prognosticated, requiring 300,000 men to keen it down. "Betrayed by its animus" not "its Enemies," though, in truth, the Times' greatest enemy is its Shoe, and Scrubbing Brushes, and Brooms, animus .- And read "stocks "instead of "stock." In the 10th paragraph read "Democratic, " not | Dunocratic. "

In the latter portion of my letter read " for the land Trunks, Bags, &c., &c. wedding cake" instead of "to the wedding Cake." -And "as to the shooting of Gray, it was "declared " instead of " disclosed," Finally,-" the Vanderbilt" was the only " National " authority, not "Natural."-Awaiting your intimated rejoinder, I am your subscriber.

CTRCULAR. THE Provisional Committee for promoting the erection of a City Hall in Hongkong, desire to report the progress that has been made, up to the close of the present year, in furthering the object for which they are associated. The principal difficulty connected with this undertaking has been to procure a site that should be at once suitable for the purpose, and in the gift of Government; it being obvious that the present high value of Land within the limits of the City made it impossible that any sum of money, which the Committee could expect to com-

mand, would prove adequate if ground had to be An application for a site at the Western Corper of the Parade Ground, immediately under the Office of this paper will be rewarded. Messrs, A. Heard & Co.'s Office, was promptly and liberally conceded, but, before any formal grant of the Land had been made, it was fortanately discovered that difficulties, previously piece of ground now partially occupied by the Central Market No. 40 and hopes from his long Harbour Master's Office, were susceptible of re- experience and careful attention to secure the moval; and the Committee have the entisfaction patronnge and support of the Public. of stating that a recommendation for a grant of | Honekong, 5th January 1863. hat site (undoubtedly the most eligible for the purposes of a City Hall in the whole Colony) has, with the approval of the Military Authorities, been forwarded by the local Government to the Secretary of State for the Colonies, and that the position of the Drinking Fountain (presented t the City by Mr. John Dent, and now in course of

erection) has been determined with special reference to the dimensions and situation of the proposed Building. The space which is it confidently hoped, will be thus placed at the disposal of the Committee Fancy Flannels, Scotch Cashmeres, Ingrain Mowill enable them to curbrace in their scheme the rinoes Cashmyrian. lay which the frequent erection of a temporary Theatre has hitherto entailed. partially occupies. Finished plans have not yet been prepared, and it is proposed that, at the proper time, they should be thrown open to competition, but the Committee have satisfied themselves that the space they have applied for will be ample for carrying out the various objects enumerated above on a scale which will render the intended edifice an ornament to the City, a convenience to the public, and in every way worthy of a Colony wnose rapid growth and progress are the surest proofs of its wealth, enterprise and prosperity.

The preency of the want that exists for a Public Building of this nature need scarcely be dilated on. Without diverting the Club House from its legitimate uses, at a great sacrifice of the convenience of its members, there is not in the length and breadth of the City a suitable room which can be commanded for any object of general or social interest.
